Let us live like flowers, wild and beautiful
and drenched in sun.

02

Time stands still, where the wind still
writes its stories.

03

The sea, once it casts its spell, holds one
in its net of wonder forever.

04

Looking at beauty in the world, is
the first step of purifying the mind.

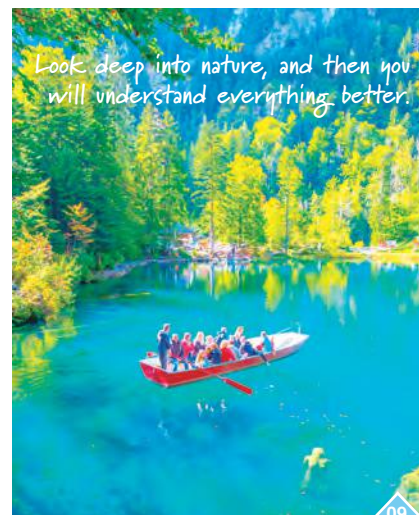

05

If you truly love nature, you will
find beauty everywhere.

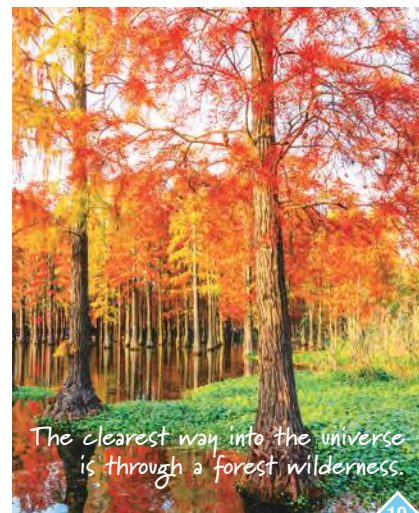

06

Look deep into nature, and then you
will understand everything better.

09

The clearest way into the universe
is through a forest wilderness.

10

Still waters and mountain views are
the best medicine for a busy mind.

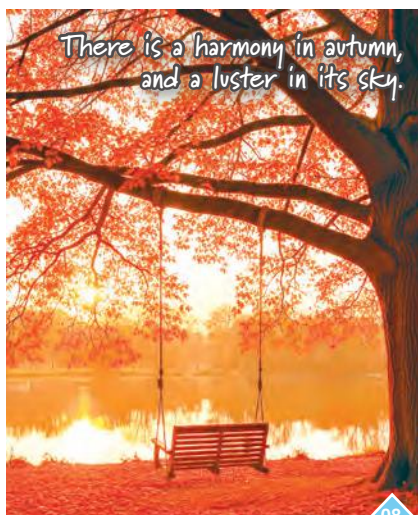

11

Everything in nature invites us
constantly to be what we are.

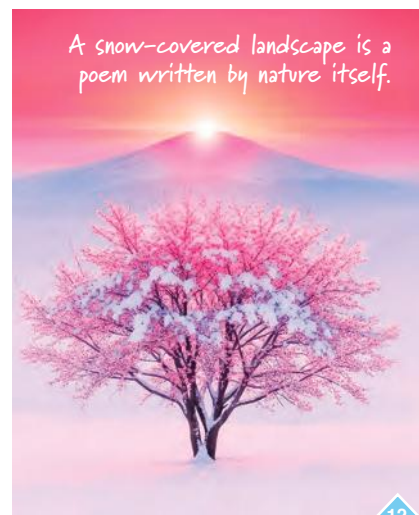

07

There is a harmony in autumn,
and a luster in its sky.

08

A snow-covered landscape is a
poem written by nature itself.
